

# Ocean Breeze

## Surfaces

[Forrest:]

Is this real, I want to be  
Or am I caught in a fantasy  
Feel you there, next to me  
As I slowly fade into your ocean breeze

Oh, ocean breeze, ocean breeze  
Fade away in your ocean breeze  
Oh, ocean breeze, ocean breeze  
Fade away in your ocean breeze

Me and you, you and me  
Flying off to the galaxies  
Hear your voice, whispering  
It's so real that I can hardly breathe, in your ocean breeze

Ocean breeze, ocean breeze  
Fade away in your ocean breeze  
Oh ocean breeze, ocean breeze  
Fade away in your ocean breeze

In the waves, mind at ease  
Sailing through these old memories  
Close my eyes, just to see  
If I still fade away in your ocean breeze

Oh, ocean breeze, ocean breeze  
Fade away in your ocean breeze  
Oh, ocean breeze, ocean breeze  
Fade away in your ocean breeze

Said I'm back in the ocean  
In your breeze with a new sun lotion  
Said I'm back with a notion  
Backpack sack full of hyped up emotions  
Said I'm back in the ocean  
In your breeze with a new sun lotion  
Said I'm back with a notion  
Backpack sack full of hyped up emotions
