

# Swinging from the Castles

## AWOLNATION

The kids are, the kids are blowing up the castles  
We're trading love, feeding baby for our hassles  
It's not for me, it's only fit for our survival  
The kids are, the kids are swinging from the castles  
Swing, swing, swinging from the castles

[Rap]

The kids are, the kids are blowing up the castles  
We're trading love, feeding baby for our hassles  
It's not for me, it's only fit for our survival  
The kids are, the kids are swinging from the castles  
Swing, swing, swinging from the castles

[Rap]

The kids are, the kids are blowing up the castles  
We're trading love, feeding baby for our hassles  
It's not for me, it's only fit for our survival  
The kids are, the kids are swinging from the castles  
Swing, swing, swinging from the castles

[Rap]

Please, please make that dirty preacher freeze  
Please, please make that dirty preacher freeze  
Please, please let that dirty preacher freeze  
Jesus wrote my [?] with the greatest of ease

The kids are, the kids are blowing up the castles  
We're trading love, feeding baby for our hassles  
It's not for me, it's only fit for our survival  
The kids are, the kids are swinging from the castles  
Swing, swing, swinging from the castles  
We're trading love, feeding baby for our hassles  
It's not for me, it's only fit for our survival  
The kids are, the kids are swinging from the castles  
Swing, swing, swinging from the castles  
Swing, swing, swinging from the castles
