

# Next Breath

## Tank

As I pour this glass of wine  
I hope it helps me express these thoughts of mind  
No, I don't think I ever felt the way I feel for you girl  
So I'm turning these lights down and I'm telling you right now I don't think I've ever ever really  
told you how much I need you  
Girl I need you more then my next breath  
Never would I ever leave you cause darling I need you  
I need you more then the next breath I breathe  
I'm sorry for the times that I stressed you out  
And I'm thankful for the times you ain't put me out your house (yea)  
Ohhh I feel in love more than once  
But ever single time it was with you girl (ohhhh) I don't think I've ever ever really told you how  
much I need you  
I need you more then my next breath  
Never would I ever leave you cause darling I need you  
I need you more then the next breath I breathe This is the part where we slow it down (slow it  
down)  
Make love to your mind its okay you can think out loud  
(you can be as loud as you want to)  
Its 4 in the morning and I'm pouring out my heart girl  
So much to say I don't know where to start girl I don't think I've ever ever really told you how  
much I need you  
I need you more then my next breath  
Never would I ever leave you cause darling I need you  
I need you more then the next breath I breathe  
I don't think I've ever ever really told you how much I need you  
I need you more then my next breath  
Never would I ever leave you cause darling I need you  
I need you more then the next breath I breathe
