

Why Would You Stay

Kem

There's a light shining on you.
And baby I'm trembling inside.
Loved a woman that I barely knew
I must've been outta mind.Ohhh I
I ll never hurt you again
Girl I
I know you deserve a better man
Hey I
I was a fool to ever let you down
So why would you stay?
Woman I beg your forgiveness
And I'll do whatever it takes
And may the Lord be my witness
Honey I never meant to treat you this way
Sugar your heart has been broken
But I could still see true love shine in your eyes
When every word has been spoken
Woman I'll love you for the rest of my lifeOhhh I
I ll never hurt you again
Girl I
I know you deserve a better man
Hey I
I was a fool to ever let you down
So why would you stay?
Oh baby
Don't know why, why you would stay
Baby
Baby
You're my baby
Hey girlYeahhhh I
I ll never hurt you again
Girl I
I know you deserve a better man
Girl IHHHHHHH
I was a fool to ever let you down
But I want you to staaaaay
Girl I
I'll never hurt you again
Baby
I know you deserve a better man
Girl I
Girl I

I was a fool to ever let you down
But I want yooooou... to stay.
