

# RSVP

Maren Morris

[Verse 1]

Don't tell me that you got better plans  
For those velvet hands, they're in demand  
Don't tell me that you're not a little curious  
Don't be so serious, it can be only us

[Pre-Chorus]

If you want more than your eyes on me, yeah  
You can let me know privately

[Chorus]

RSVP

Bring your love to me, yeah  
It's an open invitation to an all-night situation  
If I'm where you wanna be

RSVP

I'm a fun party, yeah  
All you gotta bring your loving  
'Cause I ain't wearing nothing  
Nothing you can't take off me

[Verse 2]

I'm a glass of good whiskey with your name on it  
Looking for your lips and your fingerprints  
This floor is waiting for my black dress to fall  
Somewhere in the hall, so don't take too long

[Pre-Chorus]

Watch the sweat fall like confetti, yeah  
Wake up in my big Cali king

[Chorus]

Bring your love to me, yeah  
It's an open invitation to an all-night situation
