

# Holding Onto Heaven

Foxes

[Verse 1]

Starless sky  
We've got so good at pretending there's a side  
A side to you that isn't running  
But I don't know where it is that you've been hiding  
But I need you tonight  
But I need you tonight

[Chorus]

'Cause I'm holding onto heaven  
Lights fade, but I won't let them  
Oh, I'm holding onto heaven  
When I breathe, it's only you

[Verse 2]

All these years  
I've been chasing down the answers  
I was here  
Always tracing out your shadows  
But I need you tonight

[Chorus]

'Cause I'm holding onto heaven  
Lights fade, but I won't let them  
Oh, I'm holding onto heaven  
When I breathe, it's only you

[Bridge]

I can't take it  
'Cause you think nobody sees what you're doing to me  
I'm telling you, guilt is in your eyes  
I hate what you've done, what you've made me become  
No sleep to face the night

[Final Chorus]

Oh, I'm holding on...  
Lights fade but I won't let them  
'Cause I'm holding onto heaven  
When I breathe, it's only you

[Outro]  
'Cause I'm holding, 'cause I'm holding  
'Cause I'm onto heaven  
(I'm holding onto heaven)  
'Cause I'm holding, 'cause I'm holding  
'Cause onto heaven  
(Lights fade but I won't let them)  
Yeah, yeah  
'Cause I'm holding  
'Cause I'm holding onto heaven
