

# Cowboy Dreams

[Jimmy Nail](#)

Yippi ay yeah Love's a silver bullet that blows your world apart  
I wanna be remembered as an outlaw, honey  
The boy who stole your heart I wanna be the guy who wares the white hat  
and rides across the plain  
I'm gonna be your enigmatic stranger, honey  
You're looking at your Shane Cowboy dreams, cowboy dreams  
You give me cowboy dreams  
Cowboy dreams, cowboy dreams  
You give me cowboy dreams  
If ever you're in trouble, if ever you are down  
I'm gonna be the hanging judge and sherif  
Gonna ride your troubles out of town You're looking at a mountain  
You're looking at the law  
You're looking at a six gun legend - fastest on the draw Cowboy dreams, cowboy dreams  
You give me cowboy dreams  
Cowboy dreams, cowboy dreams  
You give me cowboy dreams I can make you happy, it's easier than it seems  
I'm gonna ambush you at sundown  
Gonna give you cowboy dreams Yippi ay yeah  
I'm gonna give you cowboy dreams  
Love's a silver bullet that blows your world apart  
I wanna have it written on my tombstone  
Here lies the boy who stole your heart Yippi ay yeah  
Cowboy dreams You give me cowboy dreams
