

# Ghost

Katy Perry

[Verse 1]

You sent a text  
It's like the wind changed your mind  
We were best friends  
Yeah, we were building a life  
With every kiss and every letter  
Every promise of forever  
Oh, but you hit "send"  
And disappeared in front of my eyes

[Chorus]

And now you're just a ghost  
(When I look back, never woulda known that)  
You could be so cold  
(Like a stranger, vanish like a vapor)  
There's just an echo where your heart used to be  
Now I see it clearly  
And there's just a pillow where your head used to sleep  
My vision's 20/20  
I see through you now

[Verse 2]

Something has died  
Now that I have made up my mind  
(I'll be alright) I'll be alright  
It doesn't haunt me at night  
'Cause every gift and every letter  
Every promise of forever  
Now, is out of sight  
Like you were never alive

[Chorus]

And now you're just a ghost  
(When I look back, never woulda known that)  
You could be so cold  
(Like a stranger, vanish like a vapor)  
There's just an echo where your heart used to be  
Now I see it clearly  
And there's just a pillow where your head used to sleep  
My vision's 20/20

I see through you now

[Bridge]

Now, now, now, now, now

Now, now, now, now, now

So, rest in peace

I'll see you on the other side

[Chorus]

And now you're just a ghost

(When I look back, never woulda known that)

You could be so cold

(Like a stranger, vanish like a vapor)

There's just an echo where your heart used to be

Now I see it clearly

And there's just a pillow where your head used to sleep

My vision's 20/20

I see through you

[Outro]

Now, now, now, now, now

Oh, now, now, now, now, now

I see through you now

Now, now, now, now, now

Now, now, now, now, now

I see through you now
