

# No Future (feat. Dyson)

[Shaun Frank](#)

We can't keep doing this  
Crawl into my bed at 5 am again  
'Cause we only hangout when we've been partying  
I used to love this crazy feeling  
But now I just can't find the meaning, noOh, don't look no deeper  
Oh, can't get no clearer  
Oh, just let it go  
Cause you only hit up my phone when you hate being aloneNo, there ain't no future  
Ain't, ain't no future  
Don't got love for you like I used to anymore  
No, there ain't no future  
Ain't, ain't no future  
I don't fuck with you like I used to anymore  
Shit's not personal  
Lately, it's been feeling kind of mutual  
We're crazy if we think it's more than sexual  
'Cause I know you can feel this distance  
I won't offer no resistance, ohOh, don't look no deeper  
Oh, can't get no clearer  
Oh oh-oh, just let it go  
Cause you only hit up my phone when you hate being aloneNo, there ain't no future  
Ain't, ain't no future  
Don't got love for you like I used to anymore  
No, there ain't no future  
Ain't, ain't no future  
I don't fuck with you like I used to anymore  
No, there ain't no future  
Ain't, ain't no future  
Don't got love for you like I used to anymore  
Anymore
