

# Trick Me

Kelis

Waoaoo  
This is It  
Yeah  
Waoaoo Said I've paid my dues for all that i've done  
And I showed you that I loved you more than once  
There's nothing left there to decide  
Said you might trick me once, I won't let you trick me twice  
Freedom to us has always been a trick  
Freedom to u has always been who ever landed on your dick  
Seen it in you one too many times  
Said you might trick me once, I won't let you trick me twice no  
Might trick me once  
Waoaoo  
I won't let you trick me twice  
Might trick me once  
Waoaoo  
I won't let you trick me twice, no  
Might trick me once  
Waoaoo  
I won't let you trick me twice  
Waoaoo  
No I won't let you trick me twice Those days are old and overdone  
And it's only cause i'm not with you that you make me number one  
Though I may love you, It hurts me deep inside Yeah  
Now you no longer have to hide  
I used to be down with the late night hit  
Started gettin' heavy when I really wasn't ready  
Used my past to get my mind  
So I fell for your lies like all the time  
I thought you were the shit to be playin around  
Call the police theres a mad girl in town  
Could'nt get even here without a sound  
It's not how I wanna get down Yeah (You) Might trick me once  
Waoaoo  
I won't let you trick me twice  
Might trick me once  
Waoaoo  
I won't let you trick me twice no  
Might trick me once  
Waoaoo  
I won't let you trick me twice  
Waoaoo

No I won't let you trick me twice  
No I won't let you trick me twice Well I've paid my dues for all that i've done  
And I showed you that I loved you more than once  
Theres nothing left there to decide  
Uh, Trick me, I won't let you trick me twice  
You might trick me once, I won't let me trick you twice  
You might trick me once, Waoaoo, No I won't let me trick you twice no  
Waoaoo You might trick me once, no I won't let you trick me twice WAOAOO  
Peace  
WAOAOO  
WAOAOO  
WAOAOO  
Waoaoo  
Waoaoo  
Waoaoo  
Waoaoo
