Everybody roll out, screamin' and a shout  
Everybody in the house got it comin' from they mouth  
Runnin', runnin', let me get 'em  
Y'all have the rhythm stuck in your system?  
I'm goin' to the top, everybody goin' to the top  
Everybody head goin' to rock, everybody said, "Don't stop," everybody said, "Don't stop,"  
oohThis song's gonna get stuck inside yo'  
This song's gonna get stuck inside yo'  
This song's gonna get stuck inside yo' head

This song's gonna get stuck inside yo' headThere's nothin' that you can't do  
There's nothin' that you can say  
This song is stuck on replay  
You better sing it every single day  
From the mornin', the noon, the night

I got it movin' from left to right  
And if you wonder who's to blame  
Yeah, it's me stuck in they brain  
Like a permanent stain and it won't change  
Even if you go insane, this song now in your brain  
And in your brain it will remain This song is now stuck inside yo'  
This song is now stuck inside yo'  
This song is now stuck inside yo' head  
This song is now stuck inside yo'  
This song is now stuck inside yo'  
This song is now stuck inside yo' head 'Cause it's so catchy, catchy  
It's such a catchy song  
Gonna make you happy, happy  
I'm tryna fight and sing along This song's gonna get stuck inside yo' (Head)  
This song's gonna get stuck inside yo' (Head)  
This song's gonna get stuck inside head
