

Do You Know (With Dolly Parton)

Jessica Simpson

1

Lying here beside you in the dark
I feel the steady rhythm of your heart
Feel your face against my shoulder
Breath upon my skin
Embers barely smoldered
I make love to you again
Nothing in this world compares to this
The way our bodies fit
The way we kiss
Passion and happiness just adds to my desire
Seems that I am more less
Consumed here in your fire
Do you know
How much I love you
Do you know how much you mean to me
The interest that you show
Do you know how beautiful you are
Here in the afterglow
Do you know I'd walk through hell for you
Barefoot on burning coals
A thousand ways I love you
And I need to know you know
Do you know
Do you know
Coda
Oh do you know
Do you know
How much I love you
Do you know how much you mean to me
The way you make me feel like
I could soar the heavens
Gathering shooting stars
Lace them in bouquet
In a rainbow
In a jar
Everything that's happening
To me is what you are
Do you know
Do you know
Do you know Do you know
How much I love you

Something deep inside me
Tells me that you almost know
Do you know
Do you know
Oh
Do you know
Oh
Do you know
Do you know
Do you know
Oh
Yeah
Do you know
