

# The Tin Man (New Version)

[Kenny Chesney](#)

[Verse 1]

Saw a man in the movies that didn't have a heart  
How I wish I could give him mine  
Then I wouldn't have to feel it breaking all apart  
And this emptiness inside would suit me fine

[Chorus]

It's times like these  
I wish I were the tin man  
You could hurt me all you wanted  
And I'd never even know  
I'd give anything just to be the tin man  
Then I wouldn't have a heart and I wouldn't need a soul

[Verse 2]

I couldn't see your leaving coming  
It took me by surprise  
And even now it still seems like a dream  
But I know I can't be dreaming  
'Cause as I lay down each night  
The pain so great that it won't let me sleep

[Chorus]

It's times like these  
I wish I were the tin man  
You could hurt me all you wanted  
And I'd never even know  
Well I'd give anything just to be the tin man  
And I wouldn't have a heart and I wouldn't need a soul  
Well I'd give anything just to be the tin man  
And I wouldn't have a heart and I wouldn't miss you so
