

outside

Travis Scott

All my niggas outside
Ain't goin' in
We been hangin' outside
Ain't goin' in Yeah, yeah, yeah
Yeah, yeah automatic
Yeah always got it on me baby, automatic, yeah
Where I'm at is static, but it ain't got traffic, yeah
Push up on me, them boys make you do a backflip
Balance on the beam, yeah balance on the beam, yeah
Do some shit I've never seen
Won't you come out with the team, yeah
Yeah, you might just win a ring, yeah
Why they home on they homescreens?
All my niggas outside
Ain't goin' in
We been hangin' outside
Ain't goin' in We been hangin' outside, goin' in
Outside not goin' in
Pull up in a lambo or just with the Benz
Checkin' out, never checkin' in
We been outside, not goin' in
Hope you had a mattress when you sleepin' on me
Hope you got some backup if you creepin' on me
Cause just last week I rest in peace'd a homie
Why you do it? Why you switch up?
Was it for the image or for the pictures?
You always seem to show up when I'm at the mixes
Cause you know I'm not myself when I'm off the liquor
Off the lean, it's always better off the lean
All my niggas outside
Ain't goin' in
We been hangin' outside
Ain't goin' in
All my niggas outside 21, 21, 21, 21
All my niggas outside, pillow talkin' sneak dissin'
Get a nigga jaw wide
Beat you baby mama throat so long she say her jaw's tired
Young Savage get a nigga whacked cause I got mob ties, I'm a wise guy
All my niggas in the field
I'm draped in that Biani, I ain't got a deal
Slaughter Gang and PDE, we killin' shit for real
10 bad bitches, suckin dick and eatin' pills

And I keep that Tommy nigga, and I ain't talkin' Hil
And I be on mud, I get mad if it spill
Bitch, I know your baby daddy probably wanna kill
I'm a real nigga, fuck niggas can't feel
Plus I get inside that bowl and skurt, skurt, skurt
Hit it from the back pull up her skirt
I just copped that Bentley truck I skurt, skurt, skurt
Bitch, I'm outside on the percs, percs, percsAll my niggas outside
Ain't goin' in
We been hangin' outside
Ain't goin' in
All my niggas outside
