

# Damned

## Overkill

Took a little time, before we're done to love me  
Took a little more than I ever did before Took your bad intentions  
Took all your excite  
If I didn't mention  
Took my inhuman rights It's a heavy-weight title 'bout  
The more I live the more I find out Damned for if I love me  
Damned for if I care  
Damned for all the make you feel betters  
As the damned scream this ain't fair Damned for if I love me  
Damned for if I care  
Damned for all the make you feel betters  
As the damned scream this ain't fair  
Had a little time before I went and fucked me  
Had a little trouble, getting up off the floor  
Had you're I'm not like that  
Had a hand up in my face Head bobbing like a wet rat  
No love for the human race, yeah  
The more fuel, the farther I go  
The more I live the more I, no, no, no Damned for if I love me  
Damned for if I care  
Damned for all the make you feel betters  
As the damned scream this ain't fair Damned for if I love me  
Damned for if I care  
Damned for all the make you feel betters  
As the damned scream this ain't fair  
Damned if I do and damned if I don't  
Damned if I will and damned if I won't  
Damned for your screamin' that this ain't fair  
Goddamn your screamin' 'cause I don't care Took a little time before you tried to do me  
Made a little spot for you right there on the floor So fuck your good intentions  
Fuck your human rights  
Fuck your finger in my face  
This time I'm gonna bite Damned for if I love me  
Damned for if I care  
Damned for all the make you feel betters  
As the damned scream this ain't fair Damned for if I love me  
Damned for if I care  
Damned for all the make you feel betters  
As the damned scream this ain't fair
