

# What About Me

## King Henry

Verse:

Did you forget the nights we spent together?

Did you forget when we said forever?

Did you forget the nights we spent together?

Did you forget when we said forever?

Pre-hook:

Thought you were the one

Maybe I'm a little dumb

But I really thought you'd never leave

Now you're going out

Posting pictures all around

With someone you never thought I'd see

Hook:

What about me?

What about me?

What about me?

What about me?

Verse:

Did you forget the nights we spent together?

Did you forget when we said forever?

Pre-hook:

Thought you were the one

Maybe I'm a little dumb

But I really thought you'd never leave

Now you're going out

Posting pictures all around

With someone you never thought I'd see

Hook:

What about me?

What about me?

What about me?

What about me?
