

# Nothing but You

Bob Moses

You tell me you're leaving  
Your shadow will walk beside  
I was believing  
We'd follow this through  
So I've been running  
You know my trouble ain't far behind me  
I finally gave in  
I hate that it's true

Give me some time  
If all our luck has run dry  
What have you left to lose?

Ooh, I don't want nothing  
I don't want nothing but you baby  
Ooh, I don't want nothing  
I don't want nothing but you  
Ooh, I don't want nothing  
I don't want nothing but you baby  
Ooh, I don't want nothing  
I don't want nothing but you

I told myself  
What I wanted was some place else  
And the way I felt  
Was better to hide  
Instead I found  
I lose my head if I leave you out  
I don't wanna go on  
Without you in my life

Give me some time  
If all our luck has run dry  
What have we left to lose?

Ooh, I don't want nothing  
I don't want nothing but you baby  
Ooh, I don't want nothing  
I don't want nothing but you  
Ooh, I don't want nothing  
I don't want nothing but you baby  
Ooh, I don't want nothing

I don't want nothing but you

Give me some time  
If all our luck has run dry  
What have we left to lose?

Ooh, I don't want nothing  
I don't want nothing but you baby  
Ooh, I don't want nothing  
I don't want nothing but you  
Ooh, I don't want nothing  
I don't want nothing but you baby  
Ooh, I don't want nothing  
I don't want nothing but you
