

# One Margarita

Luke Bryan

[Verse 1]

Everybody here ain't from here  
But we're here doin' our thing  
Lettin' go a little, little by?little  
Sippin'?on a frozen?drink

[Pre-Chorus]

Tiki bars tik'n, pourin' all weekend  
Clouds?ain't leakin' no rain  
Two pieces shakin', white caps a-breakin'  
We ain't feelin' no pain, it goes like

[Chorus]

One margarita, two margarita, three margarita, shot  
Don't worry 'bout tomorrow  
Leave all your sorrow out here on the floatin' dock  
When that sun lays down, we'll be on our way  
One more barefoot round, one more last chance to say  
"Hey, Señorita, don't you think we need a salt and a Buffett song?"  
One margarita, two margarita, three margarita  
We'll be gone

[Verse 2]

Ice blue skies, shades on the eyes  
To tuck the bloodshot away  
Hair of the dog, shouldn't take long  
But who cares, we got all day  
Palm trees a-leanin', sunburn screamin'  
But we'll all be alright, after

[Chorus]

One margarita, two margarita, three margarita, shot  
Don't worry 'bout tomorrow  
Leave all your sorrow out here on the floatin' dock  
When that sun lays down, we'll be on our way  
One more barefoot round, one more last chance to say  
"Hey, Señorita, don't you think we need a salt and a Marley song?"  
One margarita, two margarita, three margarita  
We'll be gone

[Post-Chorus]

We'll be gone

[Pre-Chorus]

Tiki bars tik'n, pourin' all weekend

Clouds ain't leakin' no rain

Two pieces shakin', white caps a-breakin'

We ain't feelin' no pain, feelin' no pain

It goes like

[Chorus]

One margarita, two margarita, three margarita, shot

Don't worry 'bout tomorrow

Leave all your sorrow out here on the floatin' dock

When that sun lays down, we'll be on our way

One more barefoot round, one more last chance to say

"Hey, Señorita, don't you think we need a salt and a Chesney song?"

One margarita, two margarita, three margarita

We'll be gone

[Post-Chorus]

We'll be gone

We'll be gone
