

# Begin (feat. Wales)

## Shallou

Change your mind

'Cause I wasn't thinking right

We can begin at the top

Am I waking you up?

Alright

Alright

Alright

Alright

Alright

Alright

Alright

Ooh

This is your life

Does everything look alright?

We can begin at the top

Am I waking you up?

Ooh, look up

Feel it

Alright

Alright

Alright

Alright

Alright

Alright

Alright

We can begin at the top

Change your mind

'Cause I wasn't thinking right

We can begin at the top

Am I waking you up?

(Alright

Alright)

We can begin at the top

(Alright)

Am I waking you up?

(Alright, alright)

We can begin at the top

(Alright)

Am I waking you up?
