

# Hard Feelings

## Palisades

Well I've got some hard feelings that I'm working through  
And I've got some hard feelings I could put on you  
There's blood in my mouth from biting my  
tongue

I'm grinding my teeth, that's what it's become  
I'm holding my breath till my face turns white  
I'm losing my voice no matter how I try  
I need some therapy or some kind of cure  
I break my promises, the things that I swore  
Somebody stop the spark before it gets worse  
Cause I'm burning at the fuse

Well I've got some hard feelings that I'm working through  
And I've got some hard feelings I could put on you  
And seeing bright red when it's shaking my  
core

Can fuck up your head and fill it with thorns  
When words are a threat you can't take anymore  
I leave you a wreck, yeah, when I'm speaking in swords  
Know I should stop myself before it gets worse  
But it's never what I do  
Well I've got some hard feelings that I'm working through  
And I've got some hard feelings I could put on you

I don't want to  
But sometimes it's all that we need  
But sometimes it's all that we see  
A sharper tongue, a better view  
Well I've got some hard feelings  
And they're overdue  
Can you feel them too?  
My vision's blurred  
I'm losing sanity  
I can't see straight

Another casualty now  
Well I've got some hard feelings that I'm working through  
And I've got some hard feelings I could put on you

I don't want to  
But sometimes it's all that we need  
But sometimes it's all that we see  
A sharper tongue, a better view  
Well I've got some hard feelings  
And they're overdue  
Can you feel them too?
