

Take Heart

The Sam Willows

Take heart, this world is ours
Run high and fast now they're coming for us
Take heart, we'll fight the hours
Fall back in light running through the forest. Oh you're everything to me
Loved you ever since the day we parted
Oh you're all that I can see
Don't you ever leave me broken-hearted
Oh oh oh
But she didn't know, she wasn't told
This life is just too old
People walk and come and go
They don't know you they're so cold
Why, why, bring me down
I owe nothing to your frown
You're just a kid this ain't your town
Take that walk and go.
She didn't know, she wasn't told
This life is just too old People walk and come and go
They don't know you they're so cold
Why, why, bring me down
I owe nothing to your frown
You're just a kid this ain't your town
Take that walk and turn around.
Take heart, this world is ours
Run high and fast now they're coming for us
Take heart, we'll fight the hours
Fall back in light running through the forest
Oh you're everything to me
Loved you ever since the day we parted Oh you're all that I can see
Don't you ever leave me broken-hearted
But she didn't know, she wasn't told
This life is just too old
People walk and come and go
They don't know you they're so cold
Why, why, bring me down
I owe nothing to your frown
You're just a kid this ain't your town
Take that walk and turn around
Take that walk and turn around
Oh you're everything to me
Loved you ever since the day we parted Oh you're all that I can see
Don't you ever leave me broken-hearted.

Oh oh oh
But she didn't know, she wasn't told
This life is just too old
People walk and come and go
They don't know you they're so cold Why, why, bring me down
I owe nothing to your frown
You're just a kid this ain't your town
Take that walk and turn around
Oh you're everything to me
Loved you ever since the day we parted
Oh you're all that I can see
Don't you ever leave me broken-hearted
Oh oh oh
Oh oh oh
