

# Echo

R. Kelly

you aint got a clock in the night  
girl i wanna hear you echo (echo), wanna hear you echo (echo)  
i called your boss and he knows you aint comming in today (sex in the morning, sex  
all day)  
so baby girl pack a bag and head to my place (sex in the morning, sex all day)  
and when you get there don't stop don't hesitate (sex in the morning, sex all day)  
i left the keys so let your self in babey (sex in the morning, sex all day)  
now drop your bags pull yourself a drink  
i left your next clue by the sink  
it should be a box with your name  
open it up see what inside whatever it is put it on  
and head to the bedroom  
and i'll be waiting for you right there babey  
i'll be waiting there to ---- like crazy  
i hope your ready to go all day long  
i hope your ready girl to scream and moan  
like oley oley ohhoooo  
wanna hear you echo (echo), echo (echo) oley oley ohhoooo  
wanna hear you echo (echo), echo (echo)  
the way you riding it i can tell you like my surprise (sex in the evening, sex all  
night)  
now i'm working it up n down like a roller coaster ride (sex in the evening, sex  
all night)  
i got your ass rolling back finger nails in your spine (sex in the evening, sex all  
night)  
we never had a sex session like this one in your life (sex in the evening, sex all  
night)  
now when we finally get to round 10 we not gon stop we'll start again  
and when you need a break i'll let you up, i'll let you breathe, wash your face  
get something to eat  
then come back to the bedroom  
and i'll be waiting for you right there baybe  
i'll be waiting there to ---- like crazy  
i hope your ready to go all day long  
i hope your ready girl to scream and moan  
like oley oley ohhoooo  
wanna hear you echo (echo), echo (echo) oley oley ohhoooo  
wanna hear you echo (echo), echo (echo)  
even though were in this room just you and me  
i got you sounding like your screaming from a mountain peak  
and you don't wanna come down (noo) and i dont want you to come down (noo-ooohh)  
so girl lets keep coming and we gon go to heaven from this room

and the gates will open up when they see it's me n you  
ooh so run like a doll come back in girl i got my second win  
and ill be waiting for you right there baybe  
i'll be waiting there to pin it like crazy  
i hope your ready to go all day (night) long  
i hope your ready girl to scream and moan  
like oley oley ohhoooo  
wanna hear you echo (echo), echo (echo) oley oley ohhoooo  
wanna hear you echo (echo), echo (echo)  
and i'll be waiting for you right there babey  
ill be waiting there to ---- like crazy  
i hope your ready to go all day long  
i hope your ready girl to scream and moan  
like oley oley ohhoooo  
wanna hear you echo (echo), echo (echo) oley oley ohhoooo  
wanna hear you echo (echo) oley oley oley oley oley...
