

# The Trade (feat. Jagged Edge & Jermaine Dupri)

Tory Lanez

[Intro:]  
Analyzing now  
Stand clear  
Check the pulse  
No shock advised  
Analyzing now, stand clear[Tory Lanez:]  
Feels like forever I've been waiting  
Waiting just to get you back, yeah, yeah  
You've been moving stingy with your time  
Knowing that I put it all on the line  
And all them fucking secrets, girl they're working for me  
Like I know you got that clean but you get dirty for me  
Never felt like I feel, and I'll fuck you right I will  
You're fucking right, I will  
I'll make it so no one could ever fuck you like I will  
I know your type for real, I know you like to feel  
All of the things I said I won't do, but tonight I will  
All this Hennessy and more weezy get me right for real  
Know I said it was easy to feel how you like to feel  
Well, I'm your type for real, you know the hype is real  
You know my situation, you got these bitches hating  
You just tell me, say when  
Jumping through these obstacles to find my way in  
And it ain't no Usher, but I'm a superstar  
Now come get this and I'll show you who you are  
When we take our time  
'Cause I can't wait, no baby  
Let me make your mind  
'Cause I can't wait, I can't wait  
Let me make your,  
Let me make your mind  
I can't wait  
[Jermaine Dupri:]  
See, when you hear it nice and slow like this  
Y'all know what this is![Tory Lanez:]  
Let me take my time  
I won't waste, I won't waste  
Let me take my time  
Working it so good, baby  
Hurting it so good, babyLet me take my time

I won't waste, I won't waste  
Let me take my time  
Working it so good, baby  
Hurting it so good, baby  
[Jagged Edge:]  
It's so good, the way you touch it baby  
It's so good when you say you love it baby  
It's so good, you say you love the real  
I want the words for real, to tell you how I feel[Tory Lanez:]  
Let's do that again  
Let's be bad again  
Got me faded, for you baby  
All the money, cash and payments, I would trade it  
Don't think that I don't, because I see it  
I see it, I see it  
Don't you go provoke it, 'cause I see it  
I could feel it, and you need it babeLet me take my time  
I won't waste, I won't waste  
Let me take my time  
Working it so good, baby  
Hurting it so good, babyLet me take my time  
I can't wait for it, I can't wait for it  
Let me take my time  
'Cause I can't wait, I can't wait
