## Curren\$y

Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Talkin jet life to the next life  
Jet life to the next life  
Jet life to the next life  
Jet life to the next life Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Talkin jet life to the next life  
Jet life to the next life  
Jet life to the next life  
Jet life to the next life  
Don't miss this jet ho  
Club couches, gold digging hoes hounding  
Wishing to wake up in one of our houses  
'Cause we got it, they want it, high end shopping on Rodeo  
Bags, boxes being carried, they wishing we was married  
Yacht party, I suggested she wear no socks with her Sperrys  
Choppin vulgar and proper over vodka and cranberry  
She wasn't offended, she was all the way with it  
Said she rolling with me 'cause she know I'm going for the millions  
Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Talkin jet life to the next life  
Jet life to the next life  
Jet life to the next life  
Jet life to the next life  
Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Talkin jet life to the next life  
Jet life to the next life  
Jet life to the next life  
Jet life to the next life  
Don't miss this jet ho  
Let's go, hold it in and don't let go

Diamonds frozen up, pockets swollen up  
I been rolling up since I was old enough  
Niggas wanna talk about us, nigga what about timing  
Niggas wanna talk about luck, nigga what about grinding  
I'm baking wherever I want, I'm paid so my trunk in the front  
Make in a day what you make in a month  
Got a lot of cash so a nigga gon' stunt  
Spend it on grass, Spitta rolling one up  
Yea we live fast but the main thing is trust  
TGOD, keep gin in a cup, get in where you fit in, I'm winning  
Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Talkin jet life to the next life  
Jet life to the next life  
Jet life to the next life  
Jet life to the next life Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Talkin jet life to the next life  
Jet life to the next life  
Jet life to the next life  
Jet life to the next life  
Don't miss this jet ho  
Twisting up sour, living in a tower  
In a double S Impala, horse power  
Girls follow, recognize and seek guidance on counting dollars  
High on top a money mountain, never coming down it  
Looking for a G, capital, well you found it  
Green back, stacks, overseas his accounts is  
She know all about it, mama ain't stupid  
She know this her time and she about to choose him  
Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Talkin jet life to the next life  
Jet life to the next life  
Jet life to the next life  
Jet life to the next life Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Don't miss this jet ho  
Talkin jet life to the next life  
Jet life to the next life  
Jet life to the next life  
Jet life to the next life
