

Purple Hat

Sofi Tukker

[Verse 1]

Purple hat, cheetah print
Dancing on the people
Rolled up at the after joint
Dancing, dancing on the people, people
Dancing on the people
I got people on the people, people
Dancing on the people
With the people on the people
Smoke and CO2
See me see you dancing on the people
Climb up on the booth
Hanging from the people on the people
My head hits the roof
Dancing on the ceiling on the people
I got people on the people
Dancing, dancing on the people
I got purple hat, cheetah print
Dancing on the people
Rolled up at the after joint
Dancing, dancing on the people, people
Dancing on the people
I got people on the people, people
Dancing on the people
With the people on the people
Smoke and CO2
See me see you dancing on the people
Climb up on the booth

My head hits the roof
