

# Bad Angel (feat. Miranda Lambert & Jamey Johnson)

[Dierks Bentley](#)

Bad angel, get off of my shoulder  
Bad angel, let me be  
I'm standing at the cross roads  
of Temptation and Salvation Street I woke up bound and determined  
That I would not light it up today  
But one drag would stop my shakin'  
Right now I could go either way Bad angel, get off of my shoulder now  
Bad angel, let me be  
I'm standing at the cross roads  
of Temptation and Salvation Street  
Well the cap is on the bottle  
and the bottle is on the shelf  
Should I take it or leave it?  
Honey, how am I gonna help myself? Bad angel, get off of my shoulder (get on off of my  
shoulder)  
Bad angel, let me be (oh let me be)  
I'm standing at the cross roads  
of Temptation and Salvation Street Well I know I should not gamble  
'Cause I can't afford to lose  
She'd hang me from the rafters  
Put the laces in my old working shoes  
Bad angel, get off of my should  
Bad angel, let me be  
I'm standing at the cross roads  
of Temptation and Salvation Street  
Yes I'm standing at the cross roads  
of Temptation and Salvation  
Temptation and Salvation  
Temptation and Salvation Street
