

# Tik Tik Boom (feat. T.I.)

Britney Spears

You got a sex siren in your face  
Let me get up on it  
Let me get up on it  
Let me get up on it  
Talk dirty to me babe  
Every time I want it  
Every time I want it  
Every time I want itHush please no more games  
No more of the same thing  
Been thinking maybe could it  
Make me scream his name and give me the right aim  
Boy can you tame these goodies  
Baby make me  
Tick tick tick tick tick tick boom  
Tick tick tick tick tick tick  
Baby make me  
Tick tick tick tick tick tick boom  
Not to slow not to quick  
Baby make me tick tick boomTick tick tick tick tick tick boom  
Tick tick tick tick tick tick  
Baby make me  
Tick tick tick tick tick tick boom  
Not to slow not to quick  
Baby make me tick tick boom  
Shut your mouth  
Lock it up  
Why you wanna flaunt it  
Why you wanna flaunt it  
Why you wanna flaunt it  
Your turn switch it up  
Let me get up on it  
Let me get up on it  
Let me get up on itHush please no more games  
No more of the same thing  
Been thinking maybe could it  
Make me scream his name and give me the right aim  
Boy can you tame these goodiesBaby make me  
Tick tick tick tick tick tick boom  
Tick tick tick tick tick tick  
Baby make me  
Tick tick tick tick tick tick boom  
Not to slow not to quick

Baby make me tick tick boom Turn it  
Ah  
Come here for a minute let me taste you baby  
Light your fuse  
My brain had you going insane  
But my dynamite stick known to drive shit crazy baby  
And while you laying on your bed with your feet up  
Right there in my wife beater  
She like the way I eat her, beat her, beat her  
Treat her like an animal somebody call PETA  
Put a little bit of this inside a margarita  
Then put the bank in her have her running like a meter  
On the camp in the city where the girls all pretty  
Find me in the club where the girls getting busy  
With a flash and the fat booty nice shaped titties  
My wrist so full you could ice skate with it  
Give it to you till you curling your toes  
Get your ass get your clothes  
Sit back get the whole exposure  
Give it to you Baby make me tick tick tick tick tick boom  
tick tick tick tick tick tick  
Baby make me  
tick tick tick tick tick tick boom  
Not to slow not to quick  
Baby make me tick tick boom Baby make me  
tick tick tick tick tick tick boom  
tick tick tick tick tick tick  
Baby make me  
tick tick tick tick tick tick boom  
Not to slow not to quick  
Baby make me tick tick boom
