But when they do me wrong, they only proving me right

I was out struggling, it can get ugly
Know I had a lot to prove (Prove)
Now we hopping out them coupes (Coupes)
Did it all for my crew (Crew)
Me and my fam up, never no handouts
Never no alley-oop (You, you)

[Pre-Chorus]

I been going in, going hard for the longest
Worked a couple jobs, did it all for my mama
People wanna talk, but they can't walk a mile in my shoes
So I ain't stressing over
Ooh, ooh

[Chorus]

Said I'd never make it, I heard that all my life
But when they do me wrong, they only proving me right
And that's the truth, ooh

So I had to thank you for the beautiful lies, ah, uh

I been going in, going hard for the longest
Worked a couple job, did it all for my momma
People wanna talk, but they can't walk a mile in my shoes
So I ain't stressing over

Said I'd never make it, I heard that all my life
But when they do me wrong, they only proving me right
And that's the truth, ooh
They ain't know the hate was only love in disguise
So I had to thank you for the beautiful lies, ah

[Outro]

Truth
I been out, making moves
I was out struggling, it can get ugly
Know I had a lot to prove
Instead of staying fed up, fed up
I went and got my bread up, bread up
