

World Premier

Ill Bill

(Verse)

It was a commercial on the DNA and hand gloves show
If you was there youâ€™d know about the little rascal studio
Would you make a queen starve to death? Dude was a clown
But back then it was probably a cheaper studio in town
Iâ€™ll never watch a video music box of Ralpie Daniels
The rocket 30000, people surrounded by campers
First rhyme in â€™82, first band â€™87
First time we played it do or die it was very impressive
But we kept on practicing and we got better with time
Practice makes everything perfect out of my veteran prime
And as bigger the hip-hop or being clever with rhymes
â€™Cause I actually feed my sea but these endeavors are mine
And itâ€™s taken me round the world, said applies is crazy
But hard work can be a focus, get achieve itâ€™s amazing
My uncleâ€™s favorite Coopers gangster, I wish he was here
Rest in peace to Howard the Guru but salute to Premier

(Bridge)

This is The Grimy Awards, when itâ€™s time to record
I attack the beat breaks like a Viking with his sword
So throw your motherfuckin hands up in the air
Like you ainâ€™t care, make some noise for DJ Premier

(Hook x2)

Say Primo, Primo
Ill Bill
Itâ€™s a world premier
World premier

(Verse)

I went from dreaming about working with extra PNP rock
But Iâ€™m not simmering down, they blessing me with heat rocks
Same thing with mugs, the same thing Primo up in the beat nuts
My dream team rejected me, your bloodstream, you bleed drugs
Done for preme but this one gots to be my favorite
But a fam afford mass appeal of daily operation
Just before they drop just to get a rep
Iâ€™ve been a fan of gangstar ever since words I manifest
Aye but itâ€™s my favorite Primo joint to throw apartments
Either kick in the door or New York state of mind
Or 10 pack commandments or take it personal

Too many bangers to choose from, heâ€™s too versatile
The future is now, joined rock stars unforgettable
The way he flipped above the clouds on the hook was incredible
Society is brainwashed, mind your business
This a world premier and I desire to live this

(Bridge)

Like a grimy award, when itâ€™s time to record
I attack the beat breaks like a Viking with his sword
So throw your motherfuckin hands up in the air
Like you ainâ€™t care, make some noise for DJ Premier

(Hook x2)

Say Primo, Primo
Ill Bill
Itâ€™s a world premier
World premier
