

Idlewild

Robbie Williams

[Intro]

(Da-da-da, da, da, da)

(Da-da-da, da, da, da)

(Where we met on Christmas Eve)

[Verse 1]

She's an aristo, I'm?working?class

And I treated?her real bad

I never got to?apologise

About the man who made you sad

I know I said a lot 'cause I was wired

When you're young you're a machine

We were drinking with the Idlewild

In the days of speed, and we met on Christmas Eve

[Chorus]

We drank until the morning light

Like we were never going home

And we sang a song a million sing

Just like we scored a goal

I must've made promises I couldn't keep
But if you trust the fool then the fool you will be
But I looked into your eyes and sold you a dream
Then we fled the scene where we met on Christmas Eve

[Verse 2]

Then I moved into her big old house
I never been to Saint John's Wood
There were movie stars and media types
We were all up to no good

And we all said a lot 'cause we were wild
What a twisted web we weave (What a twisted web we weave)
We were living with the Idlewild
In the days of speed, and we met on Christmas Eve

[Chorus]

We drank until the morning light
Like we were never going home
And we sang a song a million sing
Just like we scored a goal

I must've made promises I couldn't keep
But if you trust the fool then the fool you will be
But I looked into your eyes and sold you a dream

Then we fled the scene where we met on Christmas Eve

[Bridge]

I know who you're with, and I know where you are

I know you found love and you deserved it

I was just a kid, but I know what I did

I ask for forgiveness if I'm worth it

[Chorus]

We drank until the morning light

Like we were never going home

And we sang a song a million sing

Just like we scored a goal

I must've made promises I couldn't keep

But if you trust the fool then the fool you will be

But I looked into your eyes and sold you a dream

Then we fled the scene where we met on Christmas Eve

[Outro]
