

Insecure

RaeLynn

insecureIn the blink, of an eye
I feel the twist, of a knife
In the flash, of a smile
I see her heart, on the crownShe knows what she's doing
She knows I can tell
She'd love to see me lose it
But I tell myself
No don't get insecure
No he ain't into her
She's playing dirty, on flirty
Across the room
You might think she's a 10
But she don't count to him
'Cause girl he's busy, getting dizzy
All around you
Don't waste a second, second guessing
If you get obsessed with her obsessive
He's all yours, he ain't hers
She ain't worth getting insecureYeah it, ain't his fault
That when he talks, they all fall
I know they all want to take him
And the truth is, I can't blame them
'Cause he's tall dark and handsome
And still sweet as hell
In moments of weakness
I tell myselfNo don't get insecure
No he ain't into her
She's playing dirty, on flirty
Across the room
You might think she's a 10
But she don't count to him
'Cause girl he's busy, getting dizzy
All around you
Don't waste a second, second guessing
If you get obsessed with her obsessive
He's all yours, he ain't hers
She ain't worth getting insecureDon't waste a second, second guessing
Get obsessed with her obsessive
Tell the voice inside my headNo don't get insecure
No he ain't into her
She's playing dirty, on flirty
Across the room

You might think she's a 10
But she don't count to him
'Cause girl he's busy, getting dizzy
All around you
Don't waste a second, second guessing
If you get obsessed with her obsessive
He's all yours, he ain't hers
She ain't worth getting insecureShe ain't worth getting insecure
