

Bra Off

RaeLynn

I knew it was over when you called and I cringed
I knew it was over when I didn't want us kissing
Over when I had people asking about you
And all I said was ugh Breaking up with you was like taking my bra off
Feeling free and loose like this T-shirt I got on
Yeah I should be crying grieving some kind of loss
But it's like taking this pink and lacy, suffocating bra off I knew it was over when you called me
babe
And I wanted to throw up cause I don't wanna be your baby
Over like a work day like you're new 9 to 5 yeah
I think you're a really nice guy but
Breaking up with you was like taking my bra off
Feeling free and loose like this T-shirt I got on
Yeah I should be crying grieving some kind of loss
But it's like taking this pink and lacy, suffocating bra off Breaking up with you was like having
a day off
Sitting on my couch sipping Jack eating Dip 'n dots
Breaking up with you was like taking my bra off
Feeling free and loose like this T-shirt I got on
Yeah I should be crying grieving some kind of loss
But it's like taking this pink and lacy, suffocating
Push-up, flakey, too tight, stupid bra off Bra off Yeah Breaking up with you was like taking my
bra off
Bra off Yeah
