

Stuck on the Outside

Sofia Carson

Nobody ever wants to be alone
'Cause we all want a friend to call our own
These days get mighty cold sometimes
So I guess I'll just make this wish and close my eyes

And I'm wishing upon a star
That I'll find you wherever you are
And I just know that special someone's out there somewhere

I wonder what it feels like to fall in love
Somebody tell me
'Cause I got a feeling on the inside that I might find it
But now I'm stuck on the outside, outside, outside
Stuck on the outside, outside, outside

Outside of love
Outside of love
Outside of love
Outside of love
Outside of love

There is no place that I won't go
Because for love I will search high and I'll search low
All things worth having takes a risk
If I got one shot, I hope that I don't miss

And I'm wishing upon a star
That I'll find you wherever you are
And I just know that special someone's out there somewhere

I wonder what it feels like to fall in love
Somebody tell me
'Cause I got a feeling on the inside that I might find it
But now I'm stuck on the outside, outside, outside
Stuck on the outside, outside, outside

Outside of love
Outside of love
Outside of love
Outside of love

Outside of love

And I'm wishing upon a star
That I'll find you wherever you are
And I just know that special someone's out there somewhere

I wonder what it feels like to fall in love
Somebody tell me
'Cause I got a feeling on the inside that I might find it
But now I'm stuck on the outside, outside, outside
Stuck on the outside, outside, outside

Outside of love
Outside of love
Outside of love
Oh baby, I'm stuck on the outside
Outside of love
Outside of love
