

Silicon World

Eiffel 65

Cause all that I want is a silicon World.
Cause all that I want is a silicon Girl.
So come into my Silicon World.I was playing with my mind,
I was trying to see,
How this world it could have been,
Without you.
Silicon big trees,
In this world of dreams.
All of this and so much more.I was flying with my mind,
looking around me.
and I see there's no more room in my human thoughts.
In the Internet,
everything I get.
Are the plastic dreams of one
Cause all that I want is a silicon Girl.
With silicon Lips and silicon Hair.
Sha la la, la la la you're my silicon Girl
So come into my silicon World.Cause all that I want is a silicon Girl.
With silicon Lips and silicon Hair.
Sha la la, la la la you're my silicon Girl
So come into my silicon World.I was playing with my mind,
I was trying to see,
How this world it could have been,
Without you.
Silicon big trees,
In this world of dreams.
All of this and so much more.
I was flying with my mind,
looking around me.
and I see there's no more room in my human thoughts.
In the Internet,
everything I get.
Are the plastic dreams of oneCause all that I want is a silicon Girl.
With silicon Lips and silicon Hair.
Sha la la, la la la you're my silicon Girl
So come into my silicon World.Cause all that I want is a silicon Girl.
With silicon Lips and silicon Hair.
Sha la la, la la la you're my silicon Girl
So come into my silicon World.Cause all that I want is a Silicon World...
Cause all that I want is a Silicon World...Cause all that I want is a silicon Girl.
With silicon Lips and silicon Hair.
Sha la la, la la la you're my silicon Girl

So come into my silicon World.Cause all that I want is a silicon Girl.
With silicon Lips and silicon Hair.
Sha la la, la la la you're my silicon Girl
So come into my silicon World.Cause all that I want is a Silicon World.
