

# High for This

## The Weeknd

[Verse 1: The Weeknd]

You don't know what's in store  
But you know what you're here for  
Close your eyes, lay yourself beside me  
Hold tight for this ride  
We don't need no protection  
Come alone, we don't need attention

[Chorus: The Weeknd]

Open your hand, take a glass  
Don't be scared, I'm right here  
Even though, you don't roll  
Trust me girl, you wanna be high for this

[Verse 2: The Weeknd]

Take it off, you want it off  
Cause I know what you're feeling  
It's okay, girl, I feel it too  
Let it be, baby breathe  
I swear I'm right here  
We'll be good, I promise, we'll be so good

[Chorus: The Weeknd]

Open your hand, take a glass  
Don't be scared, I'm right here  
Even though, you don't roll  
Trust me girl, you wanna be high for this  
Woah, woah, woah, woah  
Woah, woah, woah, woah  
Woah, woah, woah, woah  
You wanna be high for this

[Outro]

For this  
You wanna be high for this  
Ooh, woah  
You wanna be high for this, yeah

You wanna be high for this
