

Bring Back My Girls

[RuPaul](#)

She goin' back to the Werk Room

Rethink her life

On the alcohol

Vodka and cranberry, thank you, doll

She goin' back to the Werk Room

This ain't her night

The rise and fall

Shit hit the fan when she hit that walk

Girl, I got you, lost and found you

Mama Ru 'bout to show you

Who you was before you

Went and lost your mind

Bring back my girls

Bring back my girls

Bring back my girls

Bring back my

Bring back my girls (Where they at?)

Bring back my girls (Get 'em back)

Bring back my girls (Come on)

Bring back my (Ladies)

Bring back my girls

Bring back my, bring back my

Bring back my, bring back my

Bring back my, bring back my

Bring back my (Bring back my girls)

Bring back my, bring back my

Bring back my, bring back my

Bring back my, bring back my

Bring back my (Bring back my girls)

Hoes

She tryna make them coins

Tryna score some points

Impress Ms. Paul

Untucking backstage 'fore Mama calls

Miss Thing, Miss Shady

Baby girl went crazy

Fumblin' that ball

Is she gon' lipsync and lose it all?

Girl, I got you, lost and found you

Mama Ru 'bout to show you

Who you was before you

Went and lost your mind

Bring back my girls

Bring back my girls

Bring back my girls

Bring back my

Bring back my girls (Where they at?)

Bring back my girls (Get 'em back)

Bring back my girls (Come on)

Bring back my (Ladies)

Bring back my girls

Bring back my, bring back my

Bring back my, bring back my

Bring back my, bring back my

Bring back my (Bring back my girls)

Bring back my, bring back my

Bring back my, bring back my

Bring back my, bring back my

Bring back my (Bring back my girls)

Girls

Bring back my girls

Bring back my girls

Bring back my

Bring back my girls

Bring back my girls

Bring back my girls

Bring back my (Ladies)

Bring back my girls

Bring back my girls

Bring back my girls

Bring back my girls

Bring back my

Bring back my girls (Where they at?)

Bring back my girls (Get 'em back)

Bring back my girls (Come on)

Bring back my

Bring back my girls
