

Fuck They

Sofi Tukker

[Intro]

I don't give a fuck about they
I don't give a fuck about they

[Verse 1]

Oh they, put me out, thin me down, tire me slowly
After that, after they, nothing is holy
Play the freak, pray for weeks, smooth out my body
'Cause after all

[Pre-Chorus]

Deep down in the world, on this rock we got
All these rules that everyone keep makin' up
Who the fuck is they? I wanna meet with them
I wanna be real nice, I wanna be their friend
We gonna get real close, we gonna laugh all night
We gonna have a moment, then we say goodbye

[Drop]

I don't give a fuck about they

[Chorus]

I don't give a fuck about they (Who's they?)
Who gives a fuck about they? (Who's they?)
I don't give a fuck (They don't even give a)
They don't even give a fuck (Who's they anyway?)
I don't give a fuck about they (Who's they?)
Who gives a fuck about they? (Who's they?)
I don't give a fuck (They don't even give a)
They don't even give a fuck

[Verse 2]

Oh my, what a time, what a vibe and we are hardly
Hardly beginning, oh, this party
We got us, we got they, we got an army
Oh, 'cause we know

[Pre-Chorus]

Deep down in the world, on this rock, we got
All these rules that everyone keep makin' up

Who the fuck is they? I wanna meet with them
I wanna be real nice, I wanna be their friend
We gonna get real close, we gonna laugh all night
We gonna have a moment then we say goodbye...

[Drop]

I don't give a fuck about they

[Chorus]

I don't give a fuck about they (Who's they?)
Who gives a fuck about they? (Who's they?)
I don't give a fuck (They don't even give a)
They don't even give a fuck (Who's they anyway?)
I don't give a fuck about they (Who's they?)
Who gives a fuck about they? (Who's they?)
I don't give a fuck (They don't even give a)
They don't even give a fuck

[Chorus]

I don't give a fuck about they (Who's they?)
Who gives a fuck about they? (Who's they?)
I don't give a fuck (They don't even give a)
They don't even give a fuck (Who's they anyway?)
I don't give a fuck about they (Who's they?)
Who gives a fuck about they? (Who's they?)
I don't give a fuck (They don't even give a)
They don't even give a fuck

[Outro]

I don't give a fuck about they
