

Joy

Wizkid

Eh nana ne rerere eh hh lelele
Oh la No nananana
Oh nananana
Oh nananana
Eh eh
In the early 90s
That was the beginning
Mama had me
She was definitely smiling
Finally a boy
She was very very happy
She prayed for those with the love of her life eh
She called me grace
She called me blessing
She looked into my eyes
Called me love of her life
I wish i could go back and feel what she felt
But she goes on her knees
And tell God what she felt eh
Joy nothing but joy
Every other day she feels nothing but joy
Showers of blessings
God blessed her plenty
Thank God for blessing
Love of my life eh
Joy nothing but joy
Every other day she feels nothing but joy
We didn't have much
But she love me still when she thank God for blessing
Love of my life eh When I was a little boy
Mama told me My boy chase your dreams
And keep believing
And the sky will be your beginning
When I was a little boy Mama told me
My boy chase your dreams
And keep believing
And your peak will be your beginning When I was a little boy
Mama told me
Love will set you free
My boy please believe it
Cause this love is for real When I was a little boy
Mama told me

My boy chase your dreams
And keep believing
And the love will set you free
Yeah yeah One time for my people wey sabi
Wey dey feel Wizzy music
Wey buy my CD
I say two times for the people wey sabi
Wey dey buy all the ticket wey dey Côme for my shows
I say three times for the people wey sabi
Wey dey play my music

I say four times for my people wey sabi

Wey dey pray for me I say joy nothing but Joy
Every other day you see nothing but joy
I pray God bless you
Bless your family Wish you what you wish me
God bless my people
Joy nothing but Joy
Every other day you see nothing but joy
I pray God bless you
Bless all your family
Wish you what you wish me
God bless my people
