

# On Your Side

Pete Yorn

I'm outside your house  
two a.m. it's dark  
so many mistakes  
come back home from bars  
i am on your side, dear  
i just want to tell you off

So many lies  
are taking hold  
it's not your fault  
there's many scars

Chorus

i am on your side, dear  
it's taken me a long time  
i am on your side  
i'm on your side  
And i listen  
and i listen  
can you listen?  
now i'm listening

Chorus

i am on your side, dear  
it's taken me a long time  
i am on your side  
i'm on your side  
(and i listen)  
i am on your side, dear  
(and i listen)  
it's taken me a long time  
(can you listen?)  
i am on your side  
(now i'm listening)  
i'm on your side  
I'm heading out tonight  
(and i listen)  
i'm heading out tonight  
(and i listen)  
i'm heading out tonight  
(can you listen?)  
i'm heading out

Chorus

i am on your side, dear  
it's taken me a long time

i am on your side  
i'm on your side
