Come a Little Closer

Cage the Elephant

Time shakes, found you at the water At first you were my father, now I love you like a brother Earthquakes shake the dust behind you This world at times will blind you Still I know I'll see you there Come a little closer, then you'll see Come on, come on, come on Things aren't always what they seem to be Come on, come on, come on Do you understand the things that you've been seeing Come on, come on, come on Do you understand the things that you've been dreaming Come a little closer, then you'll see Heartbreaks, the heavy world's upon your shoulders Will we burn or we just smolder Somehow I know I'll find you there Oooh, I wanna see if you can change it, change it Still I know I'll see you there Come a little closer, then you'll see Come on, come on, come on Things aren't always what they seem to be Do you understand the things that you've been seeing Come on, come on, come on Do you understand the things that you've been dreaming Come a little closer, then you'll see Come a little closer, then you'll see Uh uh uh uh uh uh... Ten thousand people stand alone now And in the evening the sun sets Tomorrow it will rise Time flies by, they all sang along Time flies by, they all sang along Time flies by, they all sang along Time flies by by... Come a little closer, then you'll see Come on, come on, come on Come a little closer, then you'll see Come a little closer, then you'll see Come a little closer, then you'll see
