

Happy Lil' Hippie

Cody Simpson

She said she don't like the news
It's all bad,
It's all sad,
It turns her brown eyes blue
She said she don't watch the tube
She dreams big, she sleeps in
Whenever she's got something else to do
She takes off her shoes And she takes a walk through the city
Lookin' awful pretty things she sees
She's a happy little hippie nothing gonna get her down
She got a diary full of memories,
That she'll she'll never read,
'Cause she a happy little hippie nothing's gonna get her down, woah
And if you're quiet you can hear her,
Singin' all alone, or dancin' in the mirror,
'Cause she said she don't like to party,
Oh, people she don't know, 'cause she likes to let go,
She takes her clothes off, she takes her clothes off. And she takes a walk through the city
Lookin' awful pretty things she sees
She's a happy little hippie nothing gonna get her down
She got a diary full of memories,
That she'll she'll never read,
'Cause she a happy little hippie, nothing's gonna get her down, woah And if you get the chance
to meet her, woah
I just hope you never leave her, with a frown, woah
She said she don't like the news,
It's all bad,
It's all sad
It turns her brown eyes blue
