

Fire & Desire

Drake

[Intro]

Dedicate, I dedicate the world

Yeah, oh

I dedicate, I dedicate

I give you my fortune

I dedicate, I dedicate

I dedicate, I dedicate

I dedicate, I dedicate

I dedicate, dedicate, dedicate

I dedicate to you

I dedicate, I dedicate

I dedicate, I dedicate, oh yeah

I dedicate, I dedicate to you

[Verse 1]

They throwin' dirt on my old name

Only gets worse when you know things

You don't see the perks of this whole thing

But you get real on a pill and I like it

You just like my sidekick, I just wanna ride, fulfill all your desires

Keep you in the front, never in the back and never on the side, uh

(Yeah)

[Chorus 1]

You a real ass woman and I like it

I don't wanna fight it

[Verse 2]

Look, you know I'm a rider, nothin' left to hide

Your other nigga tired

Talk about you like you never leave his side

But I don't really buy it

Me? I'm movin' quiet, all the things we're tryin'

Let's just keep it private (Don't say anything)

Tell me should I cut these other girls right out of my life?

'Cause we never decided, tell me how you feel inside

[Chorus 2]

You a real ass woman and I like it, yeah

Dedicate to you

I need you inspired, I need you excited
I don't wanna fight it

[Verse 3]

Yeah-yeah, I figure out you, you figure out me
We both a different breed
I'm followin' your lead, I ask you what you need
You say, "A guarantee"
I mean, you say that like it's easy
You never believe me
Told you I got Zs for these other girls sleepin' on 'em
Girl, I'm sleepy
Sometimes I'm so indecisive

[Chorus 1]

But you a real ass woman and I like it
I don't wanna fight it

[Outro]

I give you my fortune
I dedicate, I dedicate
I dedicate, I dedicate
I dedicate, dedicate, dedicate
I dedicate to you
I dedicate, I dedicate
This song's for you
I dedicate, I dedicate
I give you my voice
This song's for you
