

# Psychedelik Smoke (feat. Future & Ty Dolla \$ign)

DJ ESCO

What are those arts?  
Chieffin' on some good herb  
Esco fired up Psychedelic flow, smokin' kush by the pound  
Got some girls in my condo, I'ma pimp 'em if they down  
Broke ass niggas wit' some high-class swagger  
I would come to where you at, but I'm on another level  
Psychedelic flow, roll some kush, let's get high  
Let the weed take your spirit over and relax your mind  
Champagne bubble bath, hope I don't drown  
Let me inhale the smoke, now my head in the clouds  
Roll up then get some papers  
Then roll me up some reefer  
I'm stimulin' my mind  
Gon' fire me up some diesel  
I treat it like it's legal  
Get higher than a eagle  
I'm lit up in the crib; me and some mamacitas  
We live a life of luxury and everything beneath us  
They treat us like some criminals and never thought we'd be here  
They can't even compare niggas like me, I'm out in Egypt  
My nigga just went up for appeal, he want his freedom  
It's like George Clint', P-Funk era, we just on syrup  
I keep pourin' activist codeine, my drink is thorough  
I'm a rockstar rapper type nigga, I'm just on steroids  
I got pretty New York City bitches, I'm like they A-Rod  
Psychedelic flow, smokin' kush by the pound  
Got some girls in my condo, I'ma pimp 'em if they down  
Broke ass niggas wit' some high-class swagger  
I would come to where you at, but I'm on another level  
Psychedelic flow, roll some kush, let's get high  
Let the weed take your spirit over and relax your mind  
Champagne bubble bath, hope I don't drown  
Let me inhale the smoke, now my head in the clouds Psychedelic kush, that's that Louie 13  
Got some niggas out in New York, send them 20 pounds a week  
I be stayin' medicated, every day I'm meditated  
If I'm movin' too slow, bitch, that probably mean I'm probably faded  
Been around them drugs, but I just stick to marijuana  
Niggas get to actin' up, we hit 'em wit' the llama  
Had me open up, but all these bitches came for Dolla  
Niggas tried to sound like me, but they can't fuck with Dolla

And you know I'm reppin' Taylor  
Homies twistin' Backwoods, but you know I fuck with papers  
I just came from Jungle Boys, the blessed me with the flavors  
I would come to where you at, but, lil' bitch, I'm too major  
Psychedelic flow, smokin' kush by  
the pound  
Got some girls in my condo, I'ma pimp 'em if they down  
Broke ass niggas wit' some high-class swagger  
I would come to where you at, but I'm on another level  
Psychedelic flow, roll some kush, let's get high  
Let the weed take your spirit over and relax your mind  
Champagne bubble bath, hope I don't drown  
Let me inhale the smoke, now my head in the clouds
