

# Set Phasers To Stun

## Taking Back Sunday

Yes say yes say yes say yes say yes (yes say yes say yes say yes say)  
I'm sorry it took me so long  
I'm sorry it took me so long (to come around)  
I'm sorry it took me so long (to come around) Your famous last words started once your fingers  
hit the snooze,  
Just nine more minutes, please (and they)  
They all know where to find me.  
Every word that I said  
What a big mistake  
And the words you left out, keeping me away.  
Well, I will never make another promise (without you)  
I will never make another promise (with you in mind) So pace the stairs to your apartment  
like that's where you wanna be (where you wanna be)  
It's where you wanna be (where you wanna be)  
I'm sorry it took me so long  
I'm sorry it took me so long (to come around)  
I'm sorry it took me so long (to come around) Well, there's a secret I've been perfecting  
I swore I wouldn't but you let me  
I'm comfortably confused (and you)  
You've gotten so removed. You know I, I could take the place of those pills.  
Ocean blue, paint it white.  
Now who ya gonna call tonight?  
Well, I will never make another promise (without you)  
I will never make another promise (with you in mind) So pace the stairs to your apartment  
like that's where you wanna be (where you wanna be)  
It's where you wanna be (where you wanna be)  
So pace the stairs to your apartment  
like that's where you wanna be (where you wanna be)  
It's where you wanna be (where you wanna be)  
We'll paint our sins on the ceiling  
I keep them glued to my chest  
It keeps me close like a promise kept (yes say yes, say yes, say yes, say yes) If I talk in my  
sleep, will you just keep trying (We paint our sins on the ceiling)  
I'm not giving up if you just keep trying (I keep them glued to my chest)  
If I talk in my sleep (It keeps me close like a promise kept)  
If I talk in my sleep Yes say yes, say yes, say yes, say yes.  
I'm sorry it took me so long  
Say yes, say yes, say yes, say yes.  
I'm sorry it took me so long So pace the (I don't want to stop you, I just want to know.)  
Stairs to your apartment  
like that's where you wanna be (I'm sorry it took me so long [I don't want to stop you, I just  
want to know])

Where you wanna be  
Where you wanna be
