

Drink Freely (feat. Rico Love)

French Montana

You and yo home girls drinkin on me tonight
So drink freely And holla every time you need me
Baby you should enjoy yourself
Bossed up, need no help
They said fly girls have mo fun
Get wasted like we on the run
First we took the party out
Then I took Shawty out European car, put yo luggage by the idgit
I be Rothstein, you could be my ginger, Montana
Shawty cash out, I don't sell dreams
You got a V12? I got 12 V's
Do girl, what you do, girl?
Got a few more bottles of champagne
For you, girl
So drink freely And if it's true, girl
Then the pretty ones have more fun
You should enjoy yourself
And holler if you'll need me, yea You and yo home girls drinkin on me tonight
So drink freely I need a new girl, I need a few girls
I need a pornstar, I need schoolgirl
You never stress me, we drinkin champagne
We livin stress-free, ain't worried about a damn thing
See you workin hard, go enjoy yourself
Drop top breeze - good for your health
Holler if you need, I kidnap you for the month
I throw them doors up and tell er go and fill the punt
We don't use G5's or water planes
Land on your surf board, hop out with my shirt off, Montana
Gold chains like Notre Dame
Wakin up wasted, do the walk of shame, hah Do girl, what you do, girl?
Got a few more bottles of champagne
For you, girl
So drink freely And if it's true, girl
Then the pretty ones have more fun
You should enjoy yourself
And holler if you'll need me, yea You and yo home girls drinkin on me tonight
So drink freely I could tell when you got dressed tonight, girl
You took your time
I just wanna have a few shots on me
Girl, the pleasure's mine, yea
I ain't tryna grouch you baby
I just wanna play my parts

There's a lot of niggas round you baby
But all the niggas do is talk
I'm thinkin where they class at, iPhone 5 checkin Nasdaq
After parties, wherever yo ass at
Hunned grand large, in the Rari, where my stash at?
Cony said I'm passed that, TTL law with the hashtagDo girl, what you do, girl?
Got a few more bottles of champagne
For you, girl
So drink freelyAnd if it's true, girl
Then the pretty ones have more fun
You should enjoy yourself
And holler if you'll need me, yeaDo girl, what you do, girl?
Got a few more bottles of champagne
For you, girl
So drink freelyAnd if it's true, girl
Then the pretty ones have more fun
You should enjoy yourself
And holler if you'll need me, yeaYou and yo home girls drinkin on me tonight
So drink freely
