

# Upside Down (feat. Grouplove)

## Whethan

And what if I pull up on the pavement?  
What if butted just to break it?  
What am I doin' when I'm waitin' for you?

Yeah, how do I live with this hole in my head?  
'Cause I got my feet on the ground  
The words that I wish you would tell me instead  
But next time you come to house

I'm tellin' you that  
I won't be here waitin' anymore  
Don't call me when the sun goes down  
But you can say, "I'm sorry, baby"  
Don't be cynical  
'Cause you can turn me upside down

'Cause you can turn me upside down (upside down)  
'Cause you can turn me upside down  
'Cause you can turn me upside down (upside down)  
'Cause you can turn me upside down  
'Cause you can turn me up—

Yeah, how do I live with this hole in my head?  
'Cause I got my feet on the ground  
The words that I wish you would tell me instead  
But next time you come to house

I'm tellin' you that  
I won't be here waitin' anymore  
Don't call me when the sun goes down  
But you can say, "I'm sorry, baby"  
Don't be cynical  
'Cause you can turn me upside down

'Cause you can turn me up—  
'Cause you can turn me up—
