

# The One

## Kodaline

Tell me  
Tell me that you want me  
And I'll be yours completely  
For better or for worse I know  
We'll have our disagreements  
Be fighting for no reason  
I wouldn't change it for the world 'Cause I knew  
The first day that I met you  
I was never gonna let you  
Let you slip away  
And I  
Still remember feeling nervous  
Trying to find the words to  
Get you here today You make my heart feel like it's summer  
When the rain is pouring down  
You make my whole world feel so right when it's wrong  
That's how I know you are the one  
That's why I know you are the one Life  
It's easy to be scared of  
With you I am prepared for  
What is yet to come 'Cause our two  
Hearts will make it easy  
Joining up the pieces  
Together making one  
You make my heart feel like it's summer  
When the rain is pouring down  
You make my whole world feel so right when it's wrong  
That's how I know you are the one  
That's why I know you are the one When we are together you make me feel like my mind is free  
and my dreams are reachable, whoa  
You know I never ever believed in love, I believed one day that you would come along and free  
me  
You make my heart feel like it's summer  
When the rain is pouring down  
You make my whole world feel so right when it's wrong  
That's how I know you are the one  
That's why I know you are the one  
That's why I know you are the one  
That's how I know you are the one
