

Hard to Hold

Johnnie Mikel

[Verse 1]

Choke on my scars, choke on my scars
Like a torn up jacket, jacket
Said from the start, said from the start
'Cause I'm unpacked baggage, baggage

[Pre-Chorus]

All of the friends who came before
They let me get too comfortable
But your blind love keeps me on my toes
Your hairs, they make me vulnerable

[Chorus]

I gotta be honest like pills in your pocket
I know, I know, I know that I'm hard to hold
I'm not gonna linger like sand in your fingers
I know, I know, I know that I'm hard to hold
But you won't let me go

[Hook]

But you won't let me go
I know, I know, I know that I'm hard to hold
But you won't let me go

[Verse 2]

Tore up a heart, tore up a heart
Like a piece of paper, paper
But you never end, you rewrote the past
Baby, no eraser, eraser

[Pre-Chorus]

All of the friends who came before
They let me get too comfortable
But your blind love keeps me on my toes
Your hairs, they make me vulnerable

[Chorus]

I gotta be honest like pills in your pocket
I know, I know, I know that I'm hard to hold
I'm not gonna linger like sand in your fingers

I know, I know, I know that I'm hard to hold

I gotta be honest, like fire in water
I know, I know, I know that I'm hard to hold
Sometimes I go missing, like seconds in minutes
I know, I know, I know that I'm hard to hold
But you won't let me go

[Outro]

You won't let me go
You won't let me go
But you won't let me go
But you won't let me go
