

Put You On

Amber Mark & Shelley FKA DRAM

I ain't seen you in a while
Damn girl, it's been a long time
I ain't seen you in a while
But you're looking real good, I'm digging your style
I ain't seen you in a while
Damn girl, it's been a long time
I ain't seen you in a while
But you're looking real good, I'm digging your style
Soon as the jet touched down
Knew I had to see what's up
Been a while since I been back round
And you're all on my mind, showing love
So meet me at 1:13
Shit, you might not recognise me
Dripping in these diamonds
And wrapped all in this Gucci
I know we don't speak
But you're still on my feed
Every time that you post
And I'm liking what I see
It's been a while but I'm still like before
Only thing that's been changed
Is my money and my clothes
Boy, let me put you on, show you my glow up
I wanna see your face, you should come pull up
Oh, let me put you on, I want something more
Maybe this time you're what I'm looking for
Do you remember way back in the 212?
You were all with your boo
Even though I had a man
Deep down, I always knew
That between us there was something
That I could not explain
But I guess I was just too young then
'Cause now I know what it means
I know we don't speak
But you're still on my feed
Every time that you post
And I'm liking what I see
It's been a while but I'm still like before
Only thing that's been changed
Is my money and my clothes
Boy, let me put you on, show you my glow up
I wanna see your face, you should come pull up
Oh, let me put you on, I want something more
And maybe this time you're what I'm looking for
From LE.S way to uptown

My Dominican guy he know the way I get down
See I'm the big bass, long dreads, big braids
On my way to you, Bedstuy, J train
Riding L-I-TT 'cos you rep Long Island
Shout out Big Diss,
My Muslim brother in Harlem
Took me to the fifth spot
Where I begged for your pardon
And I gave you my number
And I'm glad that you called itBoy, let me put you on, show you my glow up
I wanna see your face, you should come pull up
Oh, let me put you on, I want something more
And maybe this time you're what I'm looking for
