

Christmas Night

Coco Jones

Ooh
Ay-a-ah
Oh, yeah Never thought I'd get my wish
No need for presents or Christmas carols, All I want is this
Ah, You and me to fly the reindeer high
Not even Santa, can come between just what we feel tonight Ooh, you're my winter wonderland
I see the snowflakes right in your eyes
Hear the bells jingling
Boy, it feels so good this Christmas
Baby, you're only thing I need
When I'm in your arms, it sets me free
Don't it feel alright,
On this Christmas night
Dancing in the rain and in the snow
Kissin' me under the mistletoe
Don't it feel alright
All I want is you this Christmas night
Ah-ah-ight, ah-ah-ight
Oh
On this Christmas night
ah-ah-ight, ah-ah-ight
Night, ah-ight Yeah, it's the best time of the year
The lights are shining, and Christmas trees are spreading so much cheer
No, baby all I want is you
Don't wanna share with nobody, I only wanna be with you
You're my winter wonderland (Wonderland)
I see the snowflakes right in your eyes
Hear the bells jingling (Eh)
Boy, It feels so good this Christmas Baby, you're only thing I need
When I'm in your arms it sets me free
Don't it feel alright
On this Christmas night (Yeah)
Dancing in the rain and in the snow
Kissin' me under the mistletoe
Don't it feel alright
All I want is you this Christmas night Baby, you're the only thing that makes come alive
Feeling Christmas in the air
Living life without a care
You and only you will be what makes my holiday
Hoping you won't go away
You're love got me
Got me saying Baby, you're only thing I need

When I'm in your arms it sets me free
Don't it feel alright
On this Christmas night
Dancing in the rain and in the snow
Kissin' me under the mistletoe (Oh!)
Don't it feel alright
All I want is you this Christmas night
Ah-ah-ight, ah-ah-ight
Oh
On this Christmas night
ah-ah-ight, ah-ah-ight
Night, ah-ight
